

Refuse Collection - Severe Weather

Disruption to Refuse & Recycling Services

Following the recent period of severe weather, we are now pleased to say we are operating our normal scheduled collections. Please place out either your black bin or your green lidded bin & green box as published. If you are unsure which collection is now due, you can download your collection calendar here.

Sincere apologies to those we have missed and we thank you for your patience.

Weekend Household Bulky Waste Service:

Please refer to this page for the future schedule of when this service will next be in your area.

Recycling Collection Calendar:

The recent disruption to refuse and recycling collections may have caused some confusion about when the green-lidded bin and green box are due for collection. If you do not have a calendar of your recycling collections, you can download one here.

We are also preparing a new calendar which will be circulated in the next few weeks and available to download from our web site.

Please accept our apologies for any inconvenience caused during this period.

Please continue to check this website for further updates.
