

**HARRISON RD WILD SPACE, BOROUGH GREEN - BOROUGH GREEN PARISH COUNCIL
TN15 8RU**

In February 2020, the Parish Council were advised that a small square of woodland was being sold at auction. We attended, and outbid developers. Subsequently two other pieces of land were gifted to the Council, the "ransom strip" on Harrison Rd, and a section of Basted House Drive containing a magnificent Avenue of Limes. This gave us a magical wild space in the heart of the village, bounded on two sides by housing, and the other two sides by the Medical Practice and Telephone Exchange. It is flail mowed once a year, but largely left to wild flora and fauna. This magnificent row of cedars marks the north side, and we have planted oak and hawthorn in the centre
